Welcome to Fashion Access Look Book – Fall-Winter 2018-19 edition curated from some of the very best collections selected from each of our show sectors including Brand Avenue, Design Street and Sourcing Zone.

All featured products are on trend with the APLF FW2018-19 Product Trends Guide covering forecasts for colours, materials and styles for bags, footwear, small leathergoods and fashion accessories.

These trends are also illustrated with show exhibits through the 3 main trends spaces at the fair, they are Fashion Trends Space, Material Trends Space and the Cashmere Trends Space.

Join us this March at Fashion Access – the Best Place in Asia for Sourcing Bags, Footwear, Small Leathergoods & Fashion Accessories.
